The 10th edition of the **International Conference on Connected Smart Cities (CSC 2024)** (part of the IADIS 18th Multi Conference on Computer Science and Information Systems 2024) was held in Budapest, Hungary, during **13-15 July 2024**.

This conference was organized by the International Association for Development of the Information Society (IADIS)

The Connected Smart Cities (CSC 2024) conference aims to provide a premier and exciting forum for the exchange of scientific ideas, research findings, and industrial practices among academics and practitioners, who are from different disciplines (e.g. information systems, computer science, telecommunication engineering, urban studies, and business and economics) but have common interests in smart cities. It welcomes all forms of relevant research, including conceptual, theoretical, quantitative, qualitative, and mixed-method studies. Papers with an interdisciplinary nature are particularly encouraging. In order to offer wide-ranging discussion opportunities, the conference seeks the most recent and relevant research on the following main topics: Wireless Connectivity in Smart Cities; New Business Concerns in Smart Cities; Data and Software Applications in Smart Cities; User-Centric Smart Cities; Security, Privacy and Identity Issues in Smart Cities; Greenness and Sustainability of Smart Cities; Smart City as an Integrated Ecosystem.
The CSC 2024 was published jointly with the 16th International Conference on e-Health (EH 2024); and the 9th International Conference on Big Data Analytics, Data Mining and Computational Intelligence (BigDaCI 2024). These conferences received 152 submissions from more than 23 countries. Each submission has been anonymously reviewed by an average of four independent reviewers, to ensure that accepted submissions were of a high standard. Consequently, only 24 full papers were approved which means an acceptance rate of 16%. A few more papers were accepted as short papers and reflection paper, posters and doctoral.

Extended versions of the best papers were selected to be published in:

❖ the IADIS International Journal on Computer Science and Information Systems (IJCSIS). ISSN 1646-3692.

Besides the presentation of full, short and reflection papers, posters and a doctoral paper, these conferences also included one keynote presentation from an internationally distinguished researcher: Prof. Dr. habil. Bernd Blobel, Medical Faculty, University of Regensburg, Germany.

Keynote Presentation:

MANAGING HEALTHCARE TRANSFORMATION TOWARDS INTELLIGENT, ETHICAL AND SUSTAINABLE 5P MEDICINE ECOSYSTEMS

By Prof. Dr. habil. Bernd Blobel, FACMI, FACHI, FHL7, FEFMI, FIAHSI, Medical Faculty, University of Regensburg, Germany

Program Committee

Program Chair

Guo Chao (Alex) Peng, Sun Yat-Sen University, Guangzhou, China

MCCSIS 2024 General Conference Co-Chairs

Piet Kommers, University of Twente, The Netherlands

Pedro Isaias, Universidade Aberta (Portuguese Open University), Portugal and The University of New South Wales (UNSW – Sydney), Australia

Committee Members

Alessandro Bocci, University of Pisa, Italy

Andy Hudson-smith, University College London, United Kingdom

Antonio Jara, Libelium, Spain

Assim Sagahyroon, American University of Sharjah, United Arab Emirates

Aurora Gonzalez, University of Murcia, Spain

Carlos Cruz, Universidad de Alcalá, Spain

Chafik Mahaya, University of Biskra, Algeria

Chiara Pugliese, Unviersity of Pisa, Italy

Felipe Araya, Universidad Tecnica Federico Santa Maria, Chile

Giandomenico Spezzano, ICAR-CNR, Italy

Giovanni Merlino, University of Messina, Italy

Hanna Kavalionak, ISTI-CNR, Italy

Ivan Rodero, University of Utah, USA

Jacopo Massa, University of Pisa, Italy

Jose Luis Hernandez Ramos, University of Murcia, Spain

Lasse Berntzen, University of South-Eastern Norway, Norway

Leonardo Sierra, Universidad de la Frontera, Chile

Liping Huang, Agency for Science, Technology and Research, Singapore

Luca Ferrucci, University of Pisa, Italy

Mailyn Moreno, Instituto Politécnico Nacional, Mexico

Mani Krishna, University of Massachusetts Amherst, USA

Marcos Tostado-Véliz, Universidad de Jaén, España

Narmeen Bawany, Jinnah University for Women, Pakistan

Nishant Saurabh, University of Utrecht, Netherlands

Noureddine Zemmouri, University of Biskra, Algeria

Patrizo Dazzi, University of Pisa, Italy

Paul Arévalo, Universidad de Jaén, Spain

Peter Mechant, Ghent University, Belgium

Pierfrancesco Bellini, University of Florence, Italy

Rabinarayan Mahapatra, Texas A&M University, United States

Rajae Ghanimi, Ibn Tofail University, Morocco

Ramin Yahyapour, GWDG/University Goettingen, Germany

Raquel Martinez Espana, Universidad de Murcia, Spain

Riccardo Bettati, Texas A&M University, USA

Rosaldo Rossetti, University of Porto, Portugal

Sandro Leuchter, Mannheim University of Applied Sciences, Germany

Xiao Huang, Emory University, United States

Zahra Najafabadi, University of Innsbruck, Austria

Zena Wood, University of Exeter, United Kingdom

Zhu Ye, Cleveland State University, USA
